DEPARTMENT OF PHARMACOGNOSY

## ABOUT THE INSTITUTION:

**Swamy Vivekanandha College of Pharmacy was established in the year 1992 by Angammal Educational Trust under the Chairmanship of Prof. Dr. M. Karunanithi, B.Pharm., M.S., Ph.D., D.Litt. The College offers Diploma, Degree, Post Graduate and Doctor level programmers in Pharmacy. The Institute endeavors its best by rendering and implementing various significantly productive programmes towards women empowerment to benefit the women community to create greater and productive impacts worldwide technically and economially. The institute leaves its indelible footmarks in all of its kind all over the world emanating its radiance towards women emancipation.**

## ABOUT THE DEPARTMENT:

**The Department of Pharmacognosy is an integral part of Swamy Vivekanandha College of Pharmacy. The PG Research Department of Pharmacognosy focuses on the study of natural products, phytochemistry, and traditional medicine systems. The department is equipped with well-established undergraduate and postgraduate research laboratories, modern extraction apparatus, and analytical instruments for conducting regular practicals, phytochemical screening, and isolation of bio-active compounds and molecular docking. The department actively engages students and research scholars in advancing novel drug discovery from natural resources, herbal formulation design, and standardized quality evaluation of medicinal plants.**

## ABOUT THE CONFERENCE:

**The Conference highlights the role of recent technologies and natural product research in drug discovery and product development to combat infectious and lifestyle-related diseases. The scientific and technical theme of each session is deliberated to address modern health challenges through interdisciplinary approaches, standardisation of natural remedies, and novel isolation techniques. The need of the hour is to inspire students, researchers, and academicians to rejuvenate their scientific temper and step into innovative drug development with the aid of modern technologies and sustainable phytochemical practices.**
